

DEQ-EPA Meeting on March 13
10:00 – 12:00
DEQ NWR Conference Room A/B

Topic: Stormwater Source Control in Portland Harbor

Objective: Discuss DEQ's comprehensive stormwater strategy and overall expectations for stormwater source control so we can establish shared goals and ensure our current efforts are on an acceptable path forward.

Desired Outcome: Shared understanding and support for DEQ's program for achieving stormwater source control on a schedule that supports EPA's schedule for cleanup of the river.

Agenda

We'd like to cover each of the following topics; documents relating to items #1 and #2 are attached:

1. DEQ's comprehensive stormwater strategy
2. Criteria for making stormwater source control decisions
 - a. At individual upland sites
 - b. For outfall basins
3. How stormwater modeling will inform our efforts
4. How stormwater will be addressed in the ROD, and whether/how that has implications for how we are doing business today
5. Wrap up and follow-up needs
